

## Brindley Heath Academy Accessibility Plan

### Introduction

The Equality Act 2010 replaced previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful.

Schools and Local Authorities have to carry out accessibility planning for disabled pupils.

The accessibility plan is aimed at:

- Increasing the extent to which disabled pupils can participate in the curriculum
- Improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided, and
- Improving the availability of accessible information to disabled pupils

The Brindley Heath Accessibility Policy and Plan are drawn up in compliance with the current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

At Brindley Heath, we are committed to providing an accessible environment which values and includes all pupils, parents, visitors regardless of the education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to develop cultural awareness, tolerance and inclusion. We are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We feel that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment.

Brindley Heath Academy plans, over time, to ensure accessibility of provision for all pupils, staff and visitors to the school. This Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan is drawn up to cover a three year period.

Brindley Heath's Accessibility Plan relates to the key aspects of physical environment, curriculum and written information. The plan will be updated annually and contain relevant information in relation to:

- Improving access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education
- Increase access to the curriculum for pupils with a disability, explaining and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as able-bodied pupils. (If a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable timeframe.

We acknowledge that there is a need for ongoing awareness – raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies and documents:

- Health and Safety Policy
- Behaviour Policy
- School Improvement Plan
- Special Educational Needs Policy
- Teaching and Learning Policy
- Supporting Children with Medical Conditions and Administration of Medicines Policy
- Educational and Residential Visits Policy.

The school's Special educational needs and Disabilities Policy ensures that staff identify, assess and arrange suitable provision for pupils with Special Educational Needs and Disabilities.

Working with the LA and Educational Psychologists, the SENDCo manages the Statutory Assessment Process, ensuring that additional resources are available where appropriate.

Brindley Heath Academy works closely with a range of specialist services including:

- Occupational Therapists and Physiotherapists
- Speech and Language Therapy
- Autism Outreach Service
- CAMHS
- Medical teams – e.g. diabetes nurse / school nurse etc.
- Educational Psychology
